

Working Group Meeting for the Imperial/Mexicali Air Quality Work Plan

Calexico Workforce Center – 301 Heber Ave. Calexico, CA 92231 – Room 1

Thursday, August 9, 2018

1:00-4:00 pm

Spanish interpretation service will be available.

Objective: To continue gathering input from working group participants on the sources of particulate matter (PM) impacting air quality in Imperial County and Mexicali and engage participants in the development of a Work Plan focused on achieving measurable reductions of PM in the Imperial/Mexicali border area.

- 1) Introductions and Priorities Discussed at 7/9 Working Group Meeting (1:00-1:15)
- 2) Presentation on recent regulation and education to curtail burning in Mexicali – City of Mexicali Environmental Protection (1:15-1:30)
- 3) Presentation on Salton Sea Air Quality – Earl Withycombe (1:30-1:45)
- 4) Work Plan topics (1:45-2:30)
 - a. Of the priorities listed below, discuss specifics strategies you think are most important to reducing PM from these sources.
 - b. What are some metrics that we can use to measure progress in evaluating emissions reductions?
 - Regulation of Mexicali sources
 - Agricultural/Waste Tire burning
 - Collaboration among agencies
 - Vehicle Emissions/Border Traffic
 - Enforcement
- 5) Break (2:30-2:45)
- 6) Continue discussion on Work Plan Priorities (2:45-3:40)
- 7) Wrap up (3:40-3:50)
- 8) Action items for next meeting (3:50-4:00)
